

**Maine Climate Council
Natural and Working Lands Work Group Meeting
Friday, December 6, 2019; 1:00 - 4:00 p.m.
Deering Building, Room 101, 90 Blossom Lane, Augusta**

Desired Outcomes

By the end of this meeting, we will have:

- Incorporated new work group members
- Considered forestry-based technical information provided by speakers and from pre-reading
- Identified and discussed possible forestry mitigation and adaptation strategies informed by technical resources
- Provided an opportunity for public input
- Offered input on the content and design of subsequent meetings
